

Case Study

Client – Live Nation

Venue – Sunderland Empire

Project – Electrical Refurbishment

Architect – GWK

Consultant – Warwick Avenue

Project Value – £2M

The Sunderland Empire project entailed a full £2 million electrical refurbishment, opened Christmas 2004. Fagan Electrical undertook a full electrical design and installation to include the dressing Rooms, Fire Alarm, Emergency Lighting, Production lighting, sound and communications.

Returning to the Sunderland Empire in autumn 2005, a full Architectural lighting scheme was installed to the Tower and Entrance to coincide with the regional premier of ‘Chitty Chitty Bang Bang’.
